No 3

No 4

No 5

These individual stones have been carefully chosen for their beauty to simulate the style of TOBISHI, which literally means Flying Stones. As they are laid above sand, grass, gravel and bark paths and courtyards. Each one positioned according to the size of ones steps leading on the points of interest.

PRECAST CONCRETE INTERLOCKING BLOCKS

Storage Bay Blocks

These interlocking blocks are dry laid making them re-useable and re-site able and infinitely extendable as a semi permanent structure. Ideal for Bay Walls for bulk materials, aggregate, top soil storage / retaining earth / security / property protection etc.. There is no need for footings only a flat surface and they can be assembled by the delivery vehicle using its own crane or a forklift with scissor clamp.

Size: 1500mm x 600mm x 600mm

Weight: 1,300 KG per block

Cost: £130.00 + VAT per block

All products subject to VAT and delivery charge determined by area

Bespoke Concrete Mould Making Service

We have a specialized mould making service where customers can match their product i.e. wall copings, tiles, and some architectural stone that are no longer produced. We may be able to offer an extensive colour matching service for these items. This is ideal for renovation work and extensions to existing buildings.

If you provide an original, we can make an exact copy, texture, colour etc.

Terms and Conditions Apply

We presently manufacture specials for reclaim yards where customers cannot find matches.

Example: mould and tile product

All products subject to VAT and delivery charge determined by area.
